

HOLIDAY GREETINGS FROM OUR  TO YOURS

Another year has come and gone. We hope that yours was a healthy and happy one.

We survived yet another 181 days with high school  teenagers (both our own as well as exchange students from Costa Rica and Germany). Our movie total was down to 79 this year, but our exercising has increased to doing aerobics  three times a week for Janette and to bicycling  and playing indoor (old men's) soccer  for Reinhard. The Macintosh  computer and its companion the new laser printer are working full-time doing school work and learning to HyperCard.

In August, 67 people joined us for our fourth annual lot party in Barrington Hills.  update: Looking for an architect in the spring. Kelly  finally gave in to her cancer three days before her 15th birthday in March. She's waiting for us on the lot. Replacing her are six squirrels  that we feed out on the patio.

We made it through 1990 without leaving the country. We visited friends in Minnesota, went biking in Door County, and attended a conference at the Opryland  Hotel in Nashville. We are sending this letter from our 5th anniversary  vacation spot in St. Thomas (the U.S. Virgin Islands).

These and many other activities made it an exciting 1990 for us.

We wish you all the best in 1991! XOXOXOXOX
